PATERNAL ANTENATAL ATTACHMENT

These questions are about your thoughts and feelings about the developing baby.
Please tick one box only in answer to each question.

- 1) Over the past two weeks I have thought about, or been preoccupied with the developing baby:

- almost all the time
- very frequently
- frequently
- occasionally
- not at all

- 2) Over the past two weeks when I have spoken about, or thought about the developing baby I got emotional feelings which were:

- very weak or non-existent
- fairly weak
- in between strong and weak
- fairly strong
- very strong

- 3) Over the past two weeks my feelings about the developing baby have been:

- very positive
- mainly positive
- mixed positive and negative
- mainly negative
- very negative

4) Over the past two weeks I have had the desire to read about or get information about the developing baby. This desire is:

- very weak or non-existent
- fairly weak
- neither strong nor weak
- moderately strong
- very strong

5) Over the past two weeks I have been trying to picture in my mind what the developing baby actually looks like in my partner's womb:

- almost all the time
- very frequently
- frequently
- occasionally
- not at all

6) Over the past two weeks I think of the developing baby mostly as:

- a real little person with special characteristics
- a baby like any other baby
- a human being
- a living thing
- a thing not yet really alive

7) Over the past two weeks when I think about the developing baby my thoughts:

- are always tender and loving
- are mostly tender and loving
- are a mixture of both tenderness and irritation
- contain a fair bit of irritation
- contain a lot of irritation

8) Over the past two weeks my ideas about possible names for the baby have been:

- very clear
- fairly clear
- fairly vague
- very vague
- I have no idea at all

9) Over the past two weeks when I think about the developing baby I get feelings which are:

- very sad
- moderately sad
- a mixture of happiness and sadness
- moderately happy
- very happy

10) Over the past two weeks I have been thinking about what kind of child the baby will grow into:

- not at all
- occasionally
- frequently
- very frequently
- almost all the time

11) Over the past two weeks I have felt:

- very emotionally distant from the baby
- moderately emotionally distant from the baby
- not particularly emotionally close to the baby
- moderately close emotionally to the baby
- very close emotionally to the baby

12) When I first see the baby after the birth I expect I will feel:

- intense affection
- mostly affection
- affection, but I expect there may be a few aspects of the baby I will dislike
- I expect there may be quite a few aspects of the baby I will dislike
- I expect I might feel mostly dislike

13) When the baby is born I would like to hold the baby:

- immediately
- after it has been wrapped in a blanket
- after it has been washed
- after a few hours for things to settle down
- the next day

14) Over the past two weeks I have had dreams about the pregnancy or baby:

- not at all
- occasionally
- frequently
- very frequently
- almost every night

15) Over the past two weeks I have found myself feeling, or rubbing with my hand, the outside of my partner's stomach where the baby is:

- a lot of times each day
- at least once per day
- occasionally
- once only
- not at all

16) If the pregnancy was lost at this time (due to miscarriage or other accidental event) without any pain or injury to my partner, I expect I would feel:

- very pleased
- moderately pleased
- neutral (ie neither sad nor pleased; or mixed feelings)
- moderately sad
- very sad

Factor structure

() denotes reverse scoring. Scoring is 1 (low attachment) to 5 (high attachment)

Quality of attachment: (1) 2 (3) (7) 9 11 (12) 16

Time spent in attachment mode: 4 (5) (8) 10 14 (15)
(or intensity of preoccupation)

Items (6) and (13) do not load on either factor strongly enough for inclusion on subscales
